SUMMARY

Motivated full-stack developer skilled in creating visually appealing and user-friendly web applications. Seeking junior-level opportunities to contribute to dynamic teams and make a positive impact in website development.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript

Tools: Bootstrap, React, Node.js, Git, MySQL, MongoDB, Express

PROJECTS

Seared (Fullstack Project) | [Source Code](#) | [Live Site](#)

Description: Developed a full-stack web application with a group of other Bootcamp students. The project aimed to provide users with a platform to find random dinner recipes and leave reviews.

Technologies Used: Bootstrap, Handlebars.js, MySQL, Express.js

Role: Front-end Design and Development

Responsibilities:

- Customized responsive design using Bootstrap, ensuring compatibility across different devices and screen sizes.
- Worked closely with the back-end team to integrate the front-end with the MySQL database and handle data retrieval and display.

A Note to You (Fullstack Project) | [Source Code](#) | [Live Site](#)

Description: Developed a full-stack web application as a solo project. The application allows users to create letters to loved ones and generate a unique share link to send the letter.

Technologies Used: Bootstrap, Handlebars.js, MySQL, Express.js

Role: Site creation

Responsibilities:

- Designed and developed the entire application, including front-end and back-end components.
- Integrated the MongoDB database to store and retrieve user-generated letters and associated data.

Cava Calculator (Frontend project) | [Source Code](#) | [Live Site](#)

Description: The application allows users to calculate the nutritional information of bowls built at the restaurant Cava. The goal of the project was to emulate the same design style as the official Cava site.

Technologies Used: React and jQuery

Role: Site creation

Responsibilities:

- Utilized React to create dynamic calculations based on user inputs for bowl ingredients and portion sizes.
- Implemented custom CSS styles to mimic the visual elements and branding of the official Cava site.
